**3.2** Follow the on-screen prompts to complete the connection.

- ④ select **"Link to Amazon Alexa"**    ⑤ select **"Link"**    ⑥ select **"Done"**

#### "SmartLife" on "Amazon Alexa"

Not yet linked to this App account, "Amazon Alexa" cannot obtain device status and control permissions.

#### Link SmartLife with Alexa

Enable the SmartLife skill and link your account with Alexa.

To unlink your account at any time, disable the skill in the Alexa app.

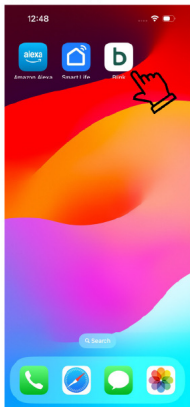

#### Link Successful

You can now control the device through the Amazon Alexa.

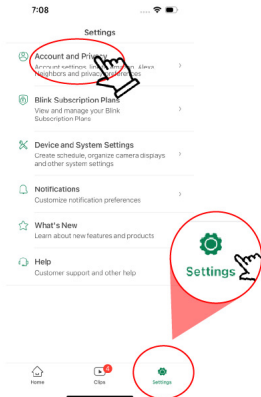

## ■ Step 4 : Link **Blink** with Alexa

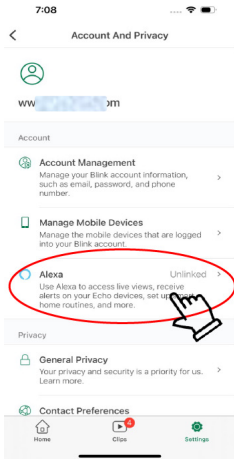

**4-1** Open the **Blink** app,  
Log in to your **Blink**  
account (already  
logged in, please skip)

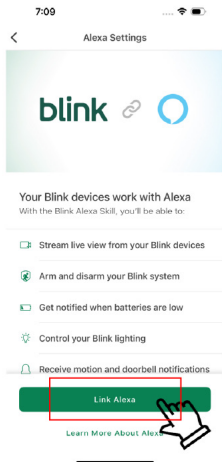

**4-2** Click the ' **Settings** ' in the navigation bar.  
Select '**Account and Privacy** ' in the settings.

### ③ Select 'Alexa'

### ④ Select 'Link Alexa'

## ⑤ Select 'AGREE'

### Let's link your Blink and Alexa accounts

When you link accounts, Blink and Amazon will use account information to provide integrated features and services and as otherwise described in [Blink's Privacy Notice](#) and [Amazon's Privacy Notice](#).

Blink Alexa Skill will be turned on so you can hear Blink alerts and answer the door through Alexa devices.

Once you link your Blink account with an Amazon account, anyone who has access to that Amazon account may access your Blink devices and videos on compatible devices.

## ⑥ Select 'LINK'

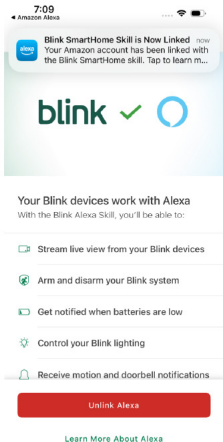

### Link Blink SmartHome with Alexa

Enable the Blink SmartHome skill and link your account with Alexa.

To unlink your account at any time, disable the skill in the Alexa app.
